

## **Tennessee Primary Care Association Announces Strategic Partnership with CHCollective**

[Nashville, TN] – July 28, 2025 – The Tennessee Primary Care Association (TPCA) is pleased to announce a new strategic partnership with CHCollective. CHCollective is proud to be the only health center-owned and operated channel partner to Provista-Vizient, the nation's largest healthcare group purchasing organization (GPO). This collaboration underscores TPCA's ongoing commitment to equipping Tennessee's health centers with innovative, mission-driven solutions to strengthen operations and enhance care delivery. By working with CHCollective, community health centers (CHCs) directly contribute to supporting TPCA's mission.

CHCollective serves CHCs, Primary Care Associations, and Health Center Controlled Networks nationwide, delivering tailored purchasing solutions and value-added services that help health centers save money and operate more efficiently. Rooted in the shared values of access, quality, and sustainability, CHCollective's approach is grounded in their firsthand understanding of the unique challenges and needs facing CHCs today.

"CHCollective's deep alignment with the mission of community health centers makes them an incredibly meaningful partner for TPCA," said Libby Thurman, CEO of TPCA. "By collaborating with an organization that truly understands and is led by the health centers themselves, we're able to provide even more relevant and responsive resources to our members across the state."

"TPCA has long been a strong advocate and supporter of Tennessee's health centers," said Daniel Hawkins, CEO of CHCollective. "We're proud to partner with TPCA to extend the purchasing strategies and support services that are making a real difference for community health centers across the country. Together, we'll help TPCA members lower costs, strengthen their operations, and dedicate more resources to patient care."

Through this partnership, TPCA members will have access to CHCollective's extensive vendor network, exclusive pricing, and personalized services designed to increase operational efficiency and reinvest savings into patient-centered care.
