

## Train New Trainers

# Primary Care -Training and Education in Addiction Medicine (PC-TEAM)

## One-Year Fellowship Training

Innovative and Targeted Training to Optimize the Treatment of Substance Use Disorders

### Who Benefits?

The program is designed for primary care providers working in Internal medicine, Family medicine, and Pediatrics. Past fellows have included MD, DOs, NPs, and PAs.

### Curriculum

The following is an outline of the curriculum, developed by the UCI School of Medicine Train New Trainers PC-TEAM faculty. The Fellowship includes more than 45 required hours of training and results in a certificate of completion from UCI School of Medicine:

- Two in-person teaching conferences (approximately 25 CME hours)
- Live, case-based discussions with a focus on primary care pain and addiction-related disorders and treatments twice a month (at least 20 CME hours)

- Monthly small group mentorship sessions with a PC-TEAM faculty mentor
- Complimentary lifelong learning for TNT PC-TEAM Alumni

### Goals of PC-TEAM Fellowship

Trainees will learn:

- How to complete an evidence-based substance use screening in busy primary care or other general medical settings.
- How to effectively prevent, diagnose, and treat commonly encountered substance use and pain-related disorders (e.g., opioids, alcohol, stimulants, and benzodiazepines).
- How to teach these principles to their primary care colleagues

## Tuition

\$15,500 per fellow OR applicant may be eligible for a full scholarship. Upon acceptance to the TNT Program, please submit a separate application for the scholarship at the Tennessee Primary Care Association (TPCA)'s website.

Scholarship applications will open on June 1. Please visit the following link to learn more and submit your application once the portal opens: <https://www.tnpca.org/resources/tntfellowships>.

## Tennessee Primary Care Association (TPCA)

This is not a traditional or Accreditation Council for Graduate Medical Education (ACGME) approved fellowship.

## Scholarship

You must meet the minimum requirements to be considered:

- Be currently employed or have accepted employment as a primary care provider (MD, DO, NP, PA) in the following specialties: family medicine, internal medicine, OB/GYN, or pediatrics
- Scholarship applicants must be employed as a primary care provider at a nonprofit community-based primary care health clinic that accepts all patients regardless of the patient's ability to pay for services
- Eligible provider clinics should accept a wide variety of insurance plans including TennCare, Medicare, and have allowances for uninsured patients to pay for services on a sliding fee based on their income. Primary care providers employed at a charity clinic that accepts only uninsured patients are eligible
